Activity-based Session on Mission LiFE at Rainbow Society for Differently-Abled, Lucknow

The event started with the welcome address by **Mrs. Swati Sharma**, *Founder of Rainbow Society for Differently Abled, Lucknow*, which was continued with the awareness cum activity-based session for the enlightenment of **Mission LiFE** and its factors with pictorial presentation and fun quiz among specially-abled individuals.

The pictorial presentation on Mission LiFE was presented to the participants with the two-way interaction by **Dr. N Manika, Programme Officer** and **Ms. Shiwangi Srivastava, DEO** from the NBRI-EIACP team.

Students were inculcated with information on the use and benefits of using natural as well as artificial resources in a more sustainable way, promoting the sustainable way of attaining the aim of Mission LiFE.

After a knowledge-driven session, the drawing competition was conducted by NBRI-EIACP, in which each participant took part very enthusiastically. A total of **60 individuals** including the **special-abled participants** as well as the **Staff of Rainbow Society** were present in this event.

The event concluded with the distribution of Newsletters and EIACP brochure to the staff members and participants, which was specifically targeted at protecting the environment and its resources by several means of attaining sustainability in their lifestyle. While also, the participants and staff members took selfies at the **Mission LiFE Selfie Point**.
