Mission LiFE Awareness Event in Collaboration with CSIR Jigyasa

[13th September 2023]

Climate change and environmental degradation are global phenomena, meaning that every decision made for our lifestyle would affect ecosystems and communities. **‘Mission LiFE’ (Lifestyle for Environment)** is a new initiative for a sustainable and healthy lifestyle which makes the fight against climate change democratic with the contribution of everyone in per own capacity.

An initiative by NBRI-EIACP was taken to aware students on Mission LiFE to promote the environmentally conscious lifestyle that focuses on ‘mindful and deliberate utilization’ instead of ‘mindless and wasteful consumption’.

Students of Navodaya Vidyalaya, Raebareli visited CSIR-NBRI on *13th September 2023*.

Students were introduced to the importance and role of Mission LiFE along with the outreach activities of NBRI-EIACP. Students inculcate information regarding LIFE MISSION and their role in achieving sustainable development in various aspects of life.

Dr. Anju Patel, Co-Coordinator, NBRI-EIACP explained the role of NBRI-EIACP in attaining the goals of Mission LiFE, especially in the **Healthy Lifestyle Adopted Action** plan.

She delivered a talk on **‘Overview of Mission LiFE’** with special emphasis on Healthy Lifestyle Adopted Action plan.

Pledge was taken at the occasion.

Students and teachers also clicked selfies at ‘Selfie Point’.

A quiz competition was held on the occasion with a focus on ‘Millets’. Three prizes were distributed.

The importance of soil quality and how to measure soil contaminants in the laboratory was also explained by EIACP team.

NBRI-EIACP team members distributed newsletters, flyers, and brochures to the teachers as well as to the students. Total of **47 students** took the awareness session from the **Navodaya Vidyalaya, Raebareli**, and were very excited as well as motivated to take part in future **Mission LiFE action activities** to be conducted by NBRI-EIACP centre.
